## ABOUT ME

Skilled recent graduate with a Bachelor of science in Chemical Engineering with experience operating and analyzing process model. Developed an understanding in following areas: Unit Operations! Transport Phenomena! Chemical Reactions Engineering! Process Dynamics & Control! Thermodynamics! Petroleum Technology! Calculus and Analytical Calculations! Materials Science! Technical Reports Writing! Health, Safety & Environment! Business & Project management.

## EXPERIENCE

**National Youth Service Corps: Goldtest College Ilorin | 2018 - 2019**

Class Teacher

**Kwara State Water Works (Asa-Dam) | April 2016 - October 2016**

Process Engineer Trainee

Responsible for water treatment, laboratory test on water qualities and distribution of treated water to final consumers.

**Faculty Of Engineering Ahmadu Bello University |**

Students Work Experience Program

## EDUCATION

**Duke University | September 2019 - October 2019**

Oil & Gas industry operations and market

**Environment And Safety Management Institute | September 2018 - December 2018**

Professional Diploma In Health, Safety And Environment

**Ahmadu Bello University | 2012 - 2017**

B. Eng Chemical Engineering

Second Class Upper

## Socrates College Ilorin | 2004 - 2010

Senior Secondary Certificate Examination

## Model Nursery And Primary School College Of Education Ilorin. | 1998 - 2004

Primary School Leaving Certificate

## PROJECTS

### Research Project, Ahmadu Bello University | 2016 - 2017(11 months)

Effect Of Temperature On Oil Based Drilling Fluid Formulated From Jatropha Curcus Seed oil With Localized Sourced Bentonite.

### Design Project, Ahmadu Bello University | 2016 - 2017 (11 months)

Design Of 1500tons Per Annum Alum Plant Study

Study in to Alum production including plant layout, feasibility study and economic analysis, technical specifications, modeling of problems, reports writing and presentation of work.

### Kwara State Water Works (Asa-Dam) | April 2016 - September 2016

Evaluation Of Performance Of Filters By Comparison With W.H.O Standards For Water Treatment. A Case Study Of Asa-Dam Plant Kwara State Water Works.

## Other Info

### Skills

- > Initiative, good interpersonal relationship
- > chemical Engineering operations
- > production management
- > Teaching skills (ability to impart knowledge)
- > Digital marketing skills
- > Organization and time management skills
- > A Strong verbal communication skills
- > A broad knowledge on a variety of chemical Engineering software such as AutoCAD, MATLAB, Hysis+, Microsoft office, open office.
- > Digital Marketing skills
- > Leadership experience

### Interest

Reading, Research and Traveling.

### References

### Languages

Yoruba, English and Hausa

### Others

Training /Certification

- > Fundamentals of Digital Marketing.
- > Introduction to Sustainable Development in Business.
- > Jobberman Soft skills Training.
- > Spillage Response Awareness Training.
- > COSHH Awareness.
- > COSHH and Working in Confined Spaces.
- > Health and Safety Induction.
- > Personal Protective Equipment Awareness Course.
- > Let's Break the chain of Covid-19 Infection.

Career Objective

To work in diverse and challenging organizations that will effectively utilize my skills, experience, knowledge,

Prof. Ibrahim Arowosaye Yusuf  
Senior Lecturer  
Department of public law, faculty of law  
University of Ilorin, P. M. B 1515, Ilorin.  
Email. Ibrahimyusuff@gmail.com  
Tel. 08132475256

talent and create opportunity for growth through hard  
work, professionalism and high ethical standard.

Dr. Sabiu Bilal  
Senior Lecturer  
Department of chemical Engineering  
Ahamadu Bello University, Zaria  
Email. Billasabiu@gmail.com  
Tel. 08033037352

Ibrahim Duro Gold, Esq  
HOD, Litigation  
Director Legal process and Archives  
Supreme Court of Nigeria  
Email. Idgold259@gmail.com  
Tel. 08065707587
